AirPlus Corporate Card

The easy way to for employees to pay
on the go

10 good reasons for the AirPlus Corporate Card

The AirPlus Corporate Card is the flexible and convenient credit card for all business trips. With it, you benefit not only from the worldwide Mastercard network, but also **manage all your spending centrally and completely digitally via a personalized dashboard.**

Discover 10 good reasons why travelers love the AirPlus Corporate Card:

01 A modern portal for all requirements

With the new **AirPlus Portal** you have a digital dashboard, which you can use to centrally control your AirPlus Corporate Cards. It has **two interfaces**: Via the first, your administrators manage the card program. Via the second, users can check payments, set security policies and view the personal PIN.

02 100 % digital Implementation

The implementation of the AirPlus Corporate Card program is carried out completely digitally and **without the signing paper contracts**. Even the PIN is available online and is not sent by mail. And if you are an existing AirPlus customer, you can save yourself money thanks to the the new online contract platform.

03 Maximum transparency

Get complete visibility over all purchases and transactions at all times - a big step towards ensuring compliance with company policies. You can define the functions, limits and payment authorizations of an AirPlus Corporate Card individually: For example, define specifications for online purchases, set budget limits for daily, monthly or weekly payments and for cash withdrawals and limit the validity of the card to geographic regions and specific currencies.

04 User-friendly process

As soon as your contract is activated, your Portal Administrator can send the first card invitations from the digital dashboard to your employees. They fill out the application with their personal data and sign it digitally. The entire application process is completely online and can be completed in just a few clicks. Within five to seven working days your employees receive the physical corporate cards.

05 Total control at your fingertips

The flexible structure of the AirPlus Portal allows you to define both specific roles and authorities for your Program Managers as well as individual user rights. For example, you can set permissions policy customization, billing checks, set card limits card limits, and to block cards.

06 Generate Corporate Cards individually

Via the AirPlus Portal you can set individual rules for the use of your Corporate Cards at any time: Regardless of whether this involves a limitation to a specific merchant, a limit increase or information on the validity period. And just as quickly and easily, you can block or unblock cards online.

07 Settle travel expenses easier

AirPlus Corporate Cards simplify business travel management, by ensuring complete transparency of your travel spend. You benefit from very **detailed reporting** and receive data on various levels for easy accounting of travel expenses.

08 Automated reporting

As with all AirPlus payment solutions, you can access all information about your corporate cards every day, **easily integrate** them into major accounting and business management systems for travel expenses.

09 Maximum security

The AirPlus Corporate Card offer both an optimal insurance coverage for traveling employees as well as the ideal protection against improper use.

10 Ready for mobile payment

With the AirPlus Mobile App, which is available free of charge from the App Store and Google Play, your travelers have a full overview of all transactions at all times. And thanks to the simple integration of AirPlus Corporate Cards with Apple and Google Pay™, paying for corporate expenses is now easy, fast and safe in a tap.
