

# 10 reasons why you should move forward fast with **AirPlus Virtual Cards Procurement.**

### **Backed by experience**

Our virtual cards are the culmination of over 30 years' experience providing corporate payment solutions that save time and money.

### **Easy usage**

Set up and make payments in a few clicks or even without a touch.

### **Security**

Apply user-defined controls and maintain 24/7 visibility over incoming transactions.

### **Convenient transaction handling**

Monitor and manage transactions centrally, requiring fewer resources for richer data.

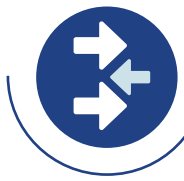

### **Savings**

Benefit from an improved cash flow and manual cost reductions.

### **Full control**

Determine the allowed spending amount for the AirPlus Virtual Cards to ensure your business spend does not exceed the set budget. You also benefit from automatically approved workflows according to your DOA (Delegation of Authority) rules.

### **Service without borders**

A single global contract with one payment solution provider and dedicated local customer service.

### **Worldwide acceptance**

Use AirPlus Virtual Cards for multi-currency payments with millions of merchants worldwide, wherever Mastercard® is accepted.

### **Speed**

Onboarding of new and ad hoc suppliers is fast and simple.

### **Ease of reconciliation**

Reconciliation and administration is streamlined by capturing key fields ahead of the transaction being processed.
